GPA

7.7 / 10.0

PROJECTS

Netflix clone Website

📅 2023

Developed a Netflix clone website using HTML, CSS, and JavaScript to create a user-friendly interface that mimics the Netflix platform.

Vegan app store

📅 2023

Designed and developed a Vegan App Store using HTML and CSS. The app store features a range of vegan products and allows users to browse, search, and view product details.

Weather app

📅 2023

Created a Weather Clone App using HTML, CSS, and JavaScript. Integrated with a weather API to provide real-time weather information for users based on their location. Implemented user-friendly UI/UX.

QR-code generator website

📅 2023

Developed a QR Code App using HTML, CSS, and JavaScript. The app allows users to generate QR codes for various purposes, such as sharing links and contact information. Implemented an easy-to-use interface.

CERTIFICATION
